

A brief *History of Our Farmers* can be found in the Bloomfield Democrat starting in July, the 16<sup>th</sup> of 1903. This story line ran through the years, until the end of May 1905. I did not look farther, to see if perhaps it picked up again, in later editions.

1904 was an election year, and I included the candidates and their bio's as I ran across them.

In March of 1905 the Biographies were determined to be enormous in number and publication space was to be "cut down".

This project caught my eye, as the "Our Farmers" Biographies capture the men that made this county, with Blood, Sweat & Tears. Many of these gentlemen did not make any County History Book.

Fully indexed for future generations to enjoy, from Microfilm Rolls 12, 13, 14.

Happy Hunting.

Deb Barker, President DCGS, 2012.
