

Davis County Genealogical Society Newsletter

Volume X, No. 2

Summer 1992 - April, May, June

Davis County Genealogical Society, P.O. Box 94, Bloomfield, IA 52537
REGULAR MEETINGS: Third Thursday of each month, 7:30 pm, Library basement.

1992
Officers

President: Sue Spilman
Vice-President: Pat Howk
Secretary: Alice Huffman

Treasurers: Verle Arnold
Corresponding
Secretary: Darrell Kerby

Dear Members,

I would like to explain a couple of things you will find in this issue of the newsletter. One item is the pages concerning the grant application the Society has applied for. The pages are the budget sheet and an explanation of what we want to use the grant for. This project is a big undertaking for the Society, but one I'm confident we can accomplish. All we have to do is work together and keep in mind how much value the end result will be to us and to future genealogists.

The other item I would like your cooperation with is the information blank for you to fill in. The editors are trying to get a listing of the surnames our members are researching. It is our goal to publish the member's name and the corresponding surnames in a future newsletter. We hope that this project will start an exchange of information between any individuals who read our newsletter. The newsletter goes to all members and is exchanged with over 45 other genealogy and historical groups and libraries in Iowa and the United States.

Happy hunting this summer.

D. Sue Spilman, Pres.

SOUTHERN MINNESOTA GENEALOGICAL CONFERENCE
September 12 and 13, 1992 at Wascea High School, Wascea, MN. Dr. George Schweitzer is the featured speaker. He will be speaking on German Genealogy, Migration Patterns and Civil War Genealogy. Dr. Schweitzer dress in costume for the subject and speaks in first person in the brogue of the era. Programs and registration blanks will be coming later.

1. Give a summary of the project, focusing on the project's most essential aspects. Describe the what, why, and how. Please be clear and concise.

The project is to microfilm approximately 3000 probate, trustee, estate and guardianship records in the Davis County Courthouse and to purchase a microfilm reader-printer. The records are currently in the Clerk of Court office where they are shelved in an area unaccessible to the public and the office staff is too small to accommodate the public use of these records. Some records are shelved in a way too unaccessible to the staff.

The project will preserve these records in archiveable folders and boxes, microfilm the records and return the originals to a more organized manner in the clerk of Court office. Copies of the microfilm will be placed in the Bloomfield Public Library Genealogy Room and the State Historical Society of Iowa. The master roll will be placed in storage at Cedar Rapids in the Crest vault with other SHSI film.

The microfilm reader-printer will be placed in the Bloomfield Public Library Genealogy Room. It will be available to the public during the library hours. It will be the only microfilm reader-printer available to the public in Davis County. The Davis County Courthouse does not have any microfilm or a reader-printer. The Davis County Genealogy Society has 86 rolls of microfilm and the Bloomfield Public Library has 53 rolls of microfilm. All of this microfilm is housed at the Bloomfield Public Library in the Genealogy Room. The present microfilm reader-printer is over 20 years old. The printer has not worked for three years and repairs are more than the machine is worth.

The Davis County Genealogy Society will provide volunteers to straighten, clean, and organize each file before filming. They will also be involved in organizing the re-shelving of the original records in the Clerk of Court office at the Davis County Courthouse. The Appanoose County Genealogy Society will do the actual filming with a Canon Canofilmer 100 with a CAR (computer assisted retrieval system). This group will also assist in training volunteers and with advice on the project. The records will be filmed on 16MM film.

As the documents are being prepared for filming we will be abstracting family information, dates, and other information pertinent to genealogy for every roll index. At the end of the project these indexes and an index for the records will be available.

The microfilm reader-printer we plan to purchase is a Canon PC Printer 80. This reader-printer is user friendly and has been recommended by the Appanoose County Genealogy Society and the Ottumwa Public Library.

The purpose of our project is to replace our current microfilm reader-printer and to preserve early probate records of Davis County, Iowa.

16. Indicate cash match source Davis County Genealogy Society

17. Provide a budget for your project that reflects accurate estimates:

	<u>Grant Request</u>	<u>Cash Match</u>	<u>In-Kind</u>	<u>Project Total</u>
1. Personnel				
Preparation			7000.	7000.
Administration			1750.	1750.
Filing & Indexing			3500.	3500.
Organization			1750.	1750.
2. Contracts				
Annapoosa Co. Genealogy Society	4000.	500.		4500.
3. Supplies				
File Folders	50.	50.		100.
File Boxes	1700.	500.		2200.
4. Equipment				
Microfilm reader-printer	6000.	1000.		7000.
Microfilm	1250	250.		1500.
5. Travel				
Training sessions	50.	50.		100.
6. Other expenses				
TOTALS	(a) 13,050.	(b) 2350.	(c) 14,000.	(d) 29400.

Columns a, b, & c must equal column d

Double check addition in each column

1847 STATE CENSUS-DAVIS COUNTY, IOWA

This census was filed 20 August 1847 and it gives only the head of household and the number of persons in each house. The American Genealogist published this census in the original form in October 1966. The original is in the Iowa State Dept. of History & Archives in Des Moines. In 1974, this record was alphabetized by Mrs. Lester Saffell Jr., Renton, Wash. 98055.
