Earling man dies in ATV accident

EARLING -- A 79-year-old Earling man was pronounced dead Monday, Oct. 20 following an ATV accident near his residence, the Shelby County Sheriff's Office reported this week.

Charles Mumm was found in a field near the home, with the ATV near him. It was determined through investigation that Mumm lost control of the ATV in the field due to large washout ruts and possibly mechanical failure.

The sheriff's office was called to the scene at about 5:30 p.m. near 2222 Dogwood Road. Dunlap Fire and Rescue responded as well as the Shelby County Medical Examiner.
