Dear Mother:

Feb 24-43

Here I am again I just had a little snooze before I am getting ready to go to church. I think I am going anyhow if some one stay here at the camp I am. If not here I stay tonight. There was another saved last night & one more filled. a young man. He and his wife both were tarrying he went through very shortly and she never. I sure feel sorry for those that have to tarry so long. They get up so discouraged at times there was one little girl, when she didn't get through she just cried like her heart would break I don't know whether she ever has been filled. The revival is going to run one more week after this one.

He will be here that long or longer.
He are supposed to have all the Bobtail
trucks taken away from us & that we'll
only leave 3 semitrailers and one of
them is broke down. I hope you get
the money O.K. Remember ⁵5.30 is the money.
Send me the camera will you I am getting
some film here in town 6.20. I don't
know how many I can get but I get
the first choice. I hope I can get 3 or 4
rolls. Don't you? Send me my sugar
card too if you aren't using it. I can buy
some shoes or at least try. He are getting
a special order to buy work shoes. But
we can't buy dress shoes. No one knows
when we are going to get back to
New Orleans. No news about the leave
yet. I don't want it until we get to
Vicksburg & that is much closer home
than here. Nevertheless I won't refuse
it at anytime. God knows best.
